

# Our Contribution to The United Nations' 17 Sustainable Development Goals

Hamburg Messe und Congress (HMC) with its two corporate divisions, Trade Fairs and CCH – Congress Center Hamburg, is committed to ensuring responsible and sustainable operations. We base our commitment on the United Nations' 17 Sustainable Development Goals (SDGs) to reconcile economic interests with ecological and social causes. We feel it is our responsibility to follow these principles of sustainable operations in every respect, and we consider doing so as a fundamental element of our corporate culture. We have identified seven SDGs to which we can make a significant contribution through our core business. For further information on what we do to fulfil our commitment, please read our **Sustainability Report**.
